FIFTH YEAR.

MAYSVILLE, KY., FRIDAY, DECEMBER 4, 1896.

ONE CENT.

HERE AND THERE

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Mr. Frank Golestonski has come to Green River, Ark.

Mr. Kennan Toup of Indianapolis is here on a visit to his parents, Mr. and Mrs. H. A. Toup.

If you have an item of news, please call up THE LEADER, Telephone 33, and send it in.

Mr. Alex Hanna is seriously ill at Dover. Pure Pepper and Sage at Chenoweth's Drugstore.

Fresh Bulk and Can Oysters received daily at Martin Bros.

The late Rev. J. J. Foster was born in Adams county, O., in 1850.

Mr. Stonewell Newell, the theatrical artist, is at Flemingsburg for a few days.

Special Sale of Millinery at remarkably low prices at Mrs. L. V. Davis's all week.

Don't fail to see Henry W. Ray's stock of Xmas goods; also a complete line of fancy and toilet articles.

The Mormon Missionaries are said to have about abandoned the attempt to establish Mormonism in Lewis county.

The Knights of Pythias of Ripley on Thanksgiving Day sent a turkey to the widow of every deceased member of the Order.

John Alden, a youth of 91, and Mrs. Margaret Brunner, aged 79, both of Locust Grove, married at West Union yesterday afternoon.

They have "Corn Sicals" down at Ripley, where the menu comprises milk and milk, corn pone, etc. We presume the and-so-forth means "corn juice."

Miss Corinne Kenney, daughter of Matthew Kenney, a wealthy Bourbon county farmer, was married in Covington to Charles Webster, a society man of Shelbyville.

The Collins and Rudy Lumber Company is well advanced with the interior finishing of a handsome residence for Mr. Ruggles at Manchester and for the Augusta Schoolhouse.

The John Robinson Circus Company was about 100 head of horses each winter to feed to their animals, buying them in the Fifth Street Market, Cincinnati, at an average of \$30 per head.

Dr. A. Goldstein, the old and well known Optician of Louisville, is still busily engaged at the Central Hotel, and our citizens should embrace this opportunity to procure glasses adjusted to their eyes.

Manchester is going to put on metropolitan airs and organize a Fire Department. Surely the people of that pretty town ought to provide ample protection for the many handsome properties that adorn its streets.

Printers' ink, if properly applied, will invariably show road results. To be sure the advertiser must hold fast to his promise. This Hechinger & Co. are justly celebrated for. They do just what they "ad." The result is, that since they have advertised their cut price sale their store has been crowded daily with purchasers.

A postal card from Mr. Walter B. Plister of Chicago announces that he is on route to Fort Ringold, Texas, and that he will reach this city about the 12th inst. with the remains of the late Chaplain M. C. Blaine and daughter, whose tragic deaths have already been noted by THE LEADER.

Go to Mrs. L. V. Davis for bargains in Trimmed Millinery. A beautiful line on exhibition.

GOVERNOR BRADLEY.

He keeps the Newspaper Men Red-hot With Gossiping.

Governor Bradley went yesterday to Cincinnati to consult with specialists in regard to his throat trouble.

It is also announced that he will go to New York and other Eastern places before returning.

There is a well grounded rumor that there is also some politics in the trip, and that after conferring with Ohio politicians, the Governor will proceed to New York, where he will hold a state-a-tete with Platt, Quay and other leaders.

P. S.—There is little truth, probably, in the report that the Governor ate soup with a fork while luncheon with George Cox and J. C. Peabody at the Delicatessen.

MAYSVILLE WEATHER.

What We May Expect For the next Twenty-four Hours.

THE LEADER'S WEATHER SIGNALS.

White streamer—Fair; Blue—Rain or Snow; With black above—Will warmer; Snow; If black's beneath—Colder—Will be; Unless black's shown—no change will be.

The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock on the following evening.

The Cincinnati Record, aged 11 days, made an assignment yesterday.

Superintendent of Public Instruction Davidson is preparing a blank for taking the school census. The present census he thinks too high.

The Frank Capital says "Ann street promises to furnish three society weddings in the near future." Ann is not so rich in the distribution of her favors, but she should have a care about marrying so much.

Miss Allie Hanna, a sweet young lady of 23, is lying at the point of death at her home in Ironton with consumption. She was raised in Dover, and is the oldest daughter of Mr. and Mrs. J. H. Hanna of that place.

The new oil of the Johnson for the new residence of Mr. Ruggles at Manchester will not by any means be "out of sight" on the contrary, it will be very much in sight. It is being built by the Collins & Rudy Lumber Company, and its cost will approximate \$75.

The statement of the Director of the Mint shows that during November the total coinage of the Mints of the United States was \$7,459,000, of which \$5,065,000 were gold, \$3,350,000 silver and \$89,000 in minor coins. The coinage of standard silver dollars during the month was 1,914,000.

The unofficial list of members of the House in the Fifth-fifth Congress, issued by the Clerk of the House, shows that the members of the body are divided politically into 204 Republicans, 134 Silver Democrats, 18 Fusionists, 12 Populists and 3 Silverites. There is a vacancy in the First Missouri District.

Don't forget that from now until the 15th Hechinger & Co. give a 20 per cent discount on all Gen'l's Furnishing Goods. This gives you an opportunity to secure high class Shirts, Underwear, Collars, Cuffs, Neckwear, Hosiery, etc., at less price than you would pay for ordinary goods elsewhere.

Joel Weeks, aged 61, a wealthy farmer of Brown county, was married to Mrs. Margaret Fenton, aged 50. The bride was the widow of the late Alfred Fenton and had to have been married to Jacob Segondollar, but he refused to wed over his land and her before, and the wedding was declared off. The dear old girl was evidently seekin' dollars!

Wanted, 5,000 fat Turkeys and all the fat Geese, Ducks and Chickens I can get. Highest market price paid delivered in Maysville. R. B. LOVELL.

When in need of Printing of any description.

TOOK IN THE TOWN.

Charles Braxton's Horse Cuts a Nancy Hanks Caper.

Yesterday about noon Ben Lynch, colored, borrowed Charles Braxton's horse and wagon with which to move his furniture and household effects from West Fourth street to a house on East Fourth street.

The wagon was backed up in front of the house on West Fourth street, when the horse got gay and started to take in the town.

Ben, in some unaccountable manner, while trying to persuade the brute to wait until after he had gotten through with him, was thrown violently to the ground and his shoulder bone sprained, and the old family horse went on.

At Fourth and Market he lost the top and rear wheels of the wagon, and with nothing save the shafts and front wheels he felt at ease to do as he pleased.

He went down Limestone to Third, down Third to Market, down Market to Second, out Second to Limestone, down Limestone to the Elevators, where he got mixed up with the coal pile and was captured.

The wagon was pretty well smashed up, and the horse lost 100 pounds of flesh.

A call has been issued for a convention at Cincinnati December 15th to urge a tariff on lumber.

Sow the seed by an advertisement in THE LEADER if you want to reap a Harvest of Holiday Trade.

Mr. Jesse Kirk and Miss Myra Shelton, both of Huntington Township, married at Manchester a few days ago.

Millinery—Attractive Offerings for this week in Trimmed Hats.

Mrs. L. V. DAVIS.

There never was a better time to advertise than right now—nor a better local paper than THE LEADER.

Mrs. Robert Alexander Johnston, a half sister of Mr. Thomas M. Green of Danville, died aged 81 years.

Dr. Joseph C. Thomas, who for a short time resided in Dover, and has relatives there, died recently at Cincinnati.

I am receiving fancy New York Apples in carload lots. Stock fine, good keepers and prices reasonable. R. B. LOVELL.

The Women's Committee of the Y. M. C. A. will meet at the new rooms of the Association this afternoon at 2:30 o'clock.

Hon. A. T. Chensault, former Representative of Madison county, and Mrs. P. T. Parish married at Richmond yesterday.

No man who is intoxicated, or whose breath is even tainted with strong drink, is allowed to take his post on a train on the Grand Truck Railway.

Lexington and Fayette county have offered \$15,000 for the location at Lexington of one of the three Schools of Reform to be established by the state.

Rev. J. S. Spims will preach at the Methodist Episcopal Church, South, in Washington Sunday morning at 11 o'clock. Everybody welcome.

The total assessment of railroad property in Kentucky for 1896 is \$1,372,613, a decrease of \$200,970 from last year. The total mileage is 3,046 and a fraction, an increase of only three miles.

Judge Barr ordered a decree of sale of the Kentucky and Indiana Bridge and associated properties, giving priority to the claim of first mortgage bondholders. The whole is valued at \$5,000,000.

Gold Watches of all sizes and kinds all arranged to give entire satisfaction. My stock of Watches is the largest in the city. I have now reduced the prices on them until they are the cheapest also. Don't want to carry them over Christmas. P. J. MURPHY.

The anti-vaccinations of Gloucester, England, are blamed for having caused 414 deaths. In the year 1887 the board of guardians voted by a majority of two to give up vaccination. Nine years later 2,068 persons were attacked by smallpox, and of these 21.7 per cent. died.

The estate of John Hauck of Cincinnati amounts to \$1,234,391.43. He had stock in the Hauck Brewing Company to the amount of \$507,000, invested in the United States 4 per cent. bonds \$55,000, Consolidated Street Railway Company stock \$55,000, and Little Miami Railroad, \$36,000.

David J. Hauss, the Cincinnati electrician, was Joseph Renner, saloonist, to recover \$665.75 for an electric lighting plant. The defendant claimed that it was a failure and caused his place on the opening night and in darkness, so that candles and other means of lighting had to be used. And the jury sided with Mr. Renner.

THE LEADER a few days ago announced that Mr. and Mrs. W. B. Carpenter of Cincinnati would on Monday next observe the thirtieth anniversary of their marriage. On account of the tragic death of Chaplain M. C. Blaine of the U. S. Army, who was a brother of Mr. John E. Blaine, one of Mr. Carpenter's business associates, the reception has been postponed indefinitely.

James Wilson, an employee of the Mayville Cotton Mills, has been missing from his home a day or so and it is thought he has committed suicide. He was last seen at the C. and O. Depot Wednesday night and was then intoxicated. His hat was found on a boat at Cable Bros. coal landing yesterday morning and this strengthens the belief that he committed suicide by drowning. He was 25 years of age and was unmarried.

The horses attached to the Mt. Carmel Mail-wagon became unruly at noon yesterday and started on a tear down the street. In dashing across the car track at the corner of Third and Market the wagon upset and for a few moments things looked rather serious. After stopping the horses and getting the vehicle on its wheels, it was found that the axle had been broken. Mr. Paul Glick, the driver, at once secured another wagon and made the regular trip to Mt. Carmel.

TIME

is what I want to talk to you about now.

Very few things are so easy to lose and so hard to regain as time.

Is your watch time right? Does it lose time? Perhaps it gains? Either way will keep you guessing.

I repair watches so you don't have to do any guessing.

There are two reasons why I pay so much attention to watch repairing. I make money out of it of course—that's what I'm in business for—but best thing about it is that it brings good people into the store, and as I do watch work right, and at the right price, it is a convincing argument that the rest of my business is right too.

Watch Repairing, however, is only a side issue. I sell Watches, Diamonds, Jewelry, Clocks and a great variety of beautiful and useful things for gifts of all kinds.

WE'RE FOR AMERICANS!
THE increase in the public debt for November was only \$8,270,203. Hooley for the Wilson Bill. Isn't it a dandy revenue-raiser?

THERE were 1,914,000 standard silver dollars coined last month at the United States Mints. This is not a campaign lie, even though the Bryanites still view the canvass that no silver dollars were being coined by Uncle Sam.

A CLOSE personal and political friend of WILLIAM JENNINGS BRYAN went crazy over politics and was ordered committed by the Oklahoma authorities to an insane asylum. What's the matter with the rest of the fellows who are still shouting for Windy Bill.

GREEN KELLER, who has a pretty level head on everything excepting politics, comes down with both feet on the growing fad of flowers at funerals. He characterizes it, as in most cases, an expensive habit, indulged more for show than for sincerity. And he's right.

DURING the gubernatorial canvass in Kentucky, which resulted in the triumph of Governor BRADLEY and the entire Republican state ticket, the management of the campaign was placed in the hands of the Hon. W. G. HUNTER, Congressman from the Third District. That the canvass was most ably managed by Dr. HUNTER was proven by the triumph of the party.

These not in close touch with the management of that remarkable campaign can form any idea of the consummate skill with which Dr. HUNTER managed its affairs. The outcome was so satisfying, and at the same time so much to the credit of Dr. HUNTER, that upon the assembling of the Legislature the Republican caucus honored him with the nomination for United States Senator.

Without the aid of the Populist members of the Legislature the election of a Republican was impossible; and in order to secure their support Dr. HUNTER made the mistake of giving them a written pledge in these words:

"I hereby agree that I will favor such legislation and support such measures as will restore silver to the position it occupied as primary or redemption money prior to 1873, when it was the standard of value." W. G. HUNTER.

Subsequent developments convinced the doctor that in giving this pledge he had made a mistake, and he himself has been free to acknowledge that it was a mistake. At no time, however, has THE LEDGER ever believed that the doctor's intentions were other than to secure the vote of the Populists by an adroit maneuver such as practical politicians are wont to resort to, and in this case no more than hundreds had done before, and as hundreds have done since, and will continue to do, in order to win the support of the opposing side.

The discovery of this pledge was made the basis for the denunciation of Dr. HUNTER's cause by some of the Republican legislators, who claimed that his position on the money question was not such as to entitle him to their support. All explanations on the part of Dr.

HUNTER were without avail, and the Legislature adjourned without the election of a Senator. Meantime Dr. HUNTER received the renomination for Congress in his District, and during the recent campaign stood squarely upon the St. Louis platform and made the race against the Hon. JOHN S. RHEA, an avowed Free-silverite, who, on the face of the returns, was chosen over the Doctor by a very small vote.

For some weeks past Dr. HUNTER has been engaged in preparing for a contest of Mr. RHEA's seat, with every prospect that he will be able to establish such fraud as will give him the seat in Congress now claimed by Mr. RHEA.

In addition to this Dr. HUNTER's name has been mentioned, whether by his authority or not we are not prepared to say, for nomination and election to the United States Senate by the promised called session of the Legislature.

In view of this latter fact The Commercial Tribune sent a special ambassador to Dr. HUNTER to ascertain his views upon the financial question; and in order to make his position plain the Doctor furnished to that paper the following signed statement:

LOUISVILLE, December 1st, 1896.
To the Editor of The Cincinnati Commercial Tribune: In order to set at rest and forever dispose of all questions as to my position on the vital issues of the day, I will state I am a Republican, a Sound Money man and a Protectionist. I stand squarely and unreservedly upon the platform of principles so laid down by the Republican National Convention at St. Louis, in June, 1896. W. G. HUNTER.

Whether Dr. HUNTER be a candidate for Senatorial honors or not, it is certainly due to him that he be placed in a proper light before the people of Kentucky; and THE LEDGER's position is that of justice to all men.

PROFITABLE PUBLICITY.
ALL CIRCULAR ADVERTISING IS VERY FOOLISH.

By NATHAN C. FOWLER, JR., Doctor of Publicity.

Copyright, 1896, by NATHAN C. FOWLER, JR., New York.

I do not mean to say that all circular advertisers are fools, but all fool advertisers use circulars.

The economy of business requires the distribution of circulars, flyers, handbills, and other printed matter, and if they are distributed properly, and the contents is brief, pointed and well set, they almost always assist in bringing business.

The advertiser who depends exclusively upon circulars and flyers as outcriers for his business is not likely to succeed, and the few cases of success only prove the acceptable rule by their exception.

The one fundamental, indispensable, recognized medium of advertising is the local newspaper, and all else to be of any use must be used in conjunction with the regular advertisement in the regular newspaper.

900 successful advertisers out of 1,000 place from one-half to two-thirds of their advertising and printing appropriation into local newspaper space, and the fact that they do so, coupled with the fact that they are successful, seems to indicate that they are successful, seems to indicate that they are successful, seems to indicate that they are successful.

Of course it is understood that I am referring to local advertisers, and not to general advertisers, who profitably use other periodicals besides local newspapers.

The theory and practice of the intelligent majority are safer to follow than the ideas of the unsuccessful minority, and the space in the local newspaper is acknowledged to be the only indispensable class of advertising by an overwhelming majority of successful merchants.

Don't be persuaded into buying ligaments without reputation or merit—Chamberlain's Pain Balm costs no more, and its merits have been proven by a test of many years. Such letters as the following, from L. G. Bagley, Huesene, Cal., are constantly being received. "The best remedy for pain I have ever used is Chamberlain's Pain Balm; and I say so after having used it in my family for several years." It cures rheumatism, lame back, sprains, and swellings. DOCTOR!
The Ledger's Prophecies Being Fulfilled!

"Advance Agent of Prosperity." THE LEDGER was insistent throughout the late campaign that the election of McKinley meant the restoration of Confidence and the immediate resumption of Manufacturing and Commercial Business throughout the country. There were those who contended that the very opposite would be the case.

It is useless now to argue the question; it is settled by the results—and that our readers may see who was right THE LEDGER will give, from day to day, a partial list of the industries that are reviving under the assurance that the incoming Administration will be friendly to American interests.

WARREN, O.
Big orders since the election have caused the Day Ward Manufacturing Company to decide upon a large addition to its establishment here, and work on it will be started at once.

LAPORTE, IND.
The Haskell & Barker Car Works at Michigan City has announced the resumption of work in all departments. The works will run night and day after December 25th, and 1,000 men will be given employment.

PITTSBURGH, PA.
All the factories under the control of the Pittsburgh Plate Glass Company in the country have resumed operations in full after a long idleness. Each factory employs hundreds of hands and the indications are for a comparatively steady run.

Col. A. L. Conner of Akron, O., one of the Directors, said that the actual business on hand was not the cause of the resumption so much as the condition of the market and the prospective demand.

CHICAGO
The window glass factories of the United States will fire up December 14th. Ten to fifteen thousand glass workers will resume work, after having been idle since June 1st, and the factories will be pushed to their limit. The manufacturers will meet tomorrow at the Brier House, Indianapolis, to form a new combination to regulate prices for the whole country. This action was determined at a secret meeting held a week ago at the Auditorium Hotel in Chicago.

The combination will take the place of two organizations which have hitherto divided the country between them. The old combinations were the Pittsburgh Window Glass Company, which operated in the territory East of Ohio, and the Western Window Glass Company, which covered the West.

The glass workers will have the same wages as last year, and as a class are said to be reasonably well paid. A few of the small factories in the gas belt in Indiana have started up already, and all the factories will be under way two weeks from tomorrow. It takes the big manufacturers two weeks to fire up their tanks, and under their rules all members of their combination are to start together. Glass workers usually have a season of ten months, from September 1st to July 1st, no window glass being made in the hot months of July and August.

The conditions warrant the expectation that the glass workers will get in full time until the regular summer vacation and that the factories will fire up promptly next September.

Despite the protests of the Ministers, it has been decided to give free concerts at the Carnegie Music Hall in Pittsburgh every Sunday.

How to Prevent Pneumonia. At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction.—(Olahag (Ind. Ter.) Chief.

This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and la grippe, we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes for sale by J. James Wood, Druggist.

THE SITUATION

At Chippewa Falls, Wis., Very Much Improved.

The Water Has Been Falling Slowly But Steadily, for Some Hours.

A Government Engineer of the Opinion That the Ice Gorge Will Not Go Out Suddenly—Professors of Assistance in Case Aid is Needed.

CHIPPWEA FALLS, Wis., Dec. 4.—Col. Jones, the army engineer, who is here examining the flood situation, has a few encouraging words to offer. He believes that the gorge will not go out suddenly but is not prepared to say whether or not dynamic can budge it. It is believed he will not authorize such an attempt to be made. The water began rising at 4 o'clock Thursday afternoon, and came up with a rush until it had passed far beyond its maximum height of Wednesday. The bustle and excitement of Wednesday was followed by a day of comparative inactivity. The only business transaction was such as the flood made necessary.

The freight and passenger depots of the Wisconsin Central and Milwaukee roads are in a sadly demoralized condition. Mayor Lindley has received numerous telegrams proffering assistance in case aid is required. Gov. Upham telegraphed for information, and asking if any help could be given by the state to remove the danger. Mayor Kaushenberg, of Milwaukee, telegraphed that the city stood ready to do all in its power to offer relief in the event of disaster. To all telegrams the mayor replied that no assistance was yet required and that the city was in good condition yet so far as danger to life is concerned.

It is impossible to get room for all who have been obliged to move, and merchants have been obliged to store goods in private residences on the hill. Up to 9 o'clock Thursday night 100,000 pounds of dynamite have been used on the gorge, but with little effect. To make matters worse a heavy snowstorm has set in, and the ice is forming. The people are panic-stricken, and men are asking each other where it is to end. Business is demoralized and the loss in the aggregate will reach fully \$100,000. Reports from the farming country in distressing condition. The farmers and all their personal effects swept away by the relentless waters. The government will be asked to send men to try to blow up the gorge. The only hope now to save the city from being inundated.

At midnight Mayor Lindley considers this town out of danger. The water has been falling slowly but steadily since 6 o'clock Thursday afternoon, and he is of the opinion that the danger now is from possible breakages of dams above. The Little Falls dam appears all right. River. The lumbermen pronounce it one of the most substantial dams in the state, if not the entire country. It is reported Thursday night in a very safe condition and has at no time since the high water occurred been in danger. The people are allayed and apprehend no further danger from the ice gorge at that point at least. River experts and loggers have made a thorough investigation of the situation. They have examined carefully the entire length of the gorge. The water is falling slowly.

AN INQUIRY

Into the Advantages of Abolishing the Tax on Alcohol for Use in the Army by the Joint Congressional Committee.

NEW YORK, Dec. 4.—The joint congressional committee appointed to report upon the advisability of abolishing the tax on alcohol for use in the army, resumed its inquiry Thursday. Geo. Englehard, of Chicago, was the first witness. He said he represented the American Pharmaceutical Association, the Chicago Retail Druggists Association and many other state pharmaceutical associations. He said, fully 75,000 out of 35,000 druggists in the country and that not a single state is in favor of the law as it now stands. Edward H. Hauser, representing the National Wholesale Druggists Association, the Manufacturing Chemists Association and the Manufacturers Pharmacists Association, said the wholesale men, users of and dealers in alcohol, are in favor of abolishing the tax. The committee adjourned to meet next time in Washington.

Wholesale Outrages

MEMPHIS, Tenn., Dec. 4.—A number of outrages were perpetrated by white men on Negroes in Memphis. A great deal of stealing has recently been going on in that section and the Negroes had been warned to leave the country or suffer the consequences. A number of them were given severe whippings Wednesday night and learned to leave. A Negro named Beary was so badly beaten that it is quite likely he will die. Those of the Negroes who could leave did so, and others have promised to do so immediately.

Will Have a Salutory Effect. WASHINGTON, Dec. 4.—Representative McCreary, of Kentucky, a member and ex-chairman of the House committee on foreign affairs, did not care to discuss the proclamation, although he admitted that the subject has been quietly discussed by some members of the committee recently. "It will probably have a salutory effect," said he, and should bring in to end to the evils of which we complain."

Hold for Trial

DOE FITZSIMMONS

Ready for a Finish Fight With Corbett for the \$10,000 Prize.

DALLAS, Tex., Dec. 4.—Martin J. Jallan, manager for Bob Fitzsimmons, telegraphed Dan Stuart Thursday from San Francisco that Fitzsimmons was his fight fairly Wednesday night but was robbed of the victory and its financial fruits. He stated that Fitzsimmons is ready to fight for a finish fight with Jim Corbett for the \$10,000 prize offered by Stuart and that if Sharkey will get into the ring with him he will whip him the same day or night he fights Corbett. Stuart declined to discuss Wednesday night's fight or referee Egan's decision. He is free to say, however, that the outcome has not lessened his interest in a finish match between Fitzsimmons and Corbett, or shaken the confidence of the friends of the Australian. Stuart has heard nothing from Corbett in regard to his offer. He said Thursday: "I do not feel surprised at this, however, as the Corbett party are probably waiting for me to arrive in the east. I would be there now only for my sickness. I am unable to travel but feel so much improved today that I hope to start within a week or two, perhaps in three or four days." Stuart said to sit up again in his private office.

NEW YORK, Dec. 4.—Wyatt E. P. referees of the Sharkey-Fitzsimmons fight, telegraphs the Evening Journal as follows regarding his decision: "The foul blow of the fight was plain: by me. Fitzsimmons smashed with his right on Sharkey's shoulder and then with his second blow in the left he struck the sailor below the belt. Sharkey was leaning over and the blow knocked him down. The event of the fight was clearly a foul and before the sailor moved I mentioned that the fight was over. The first blow was weak and the second blow was intended for an upper cut, but it struck foul."

DOUBLE-HEADED

Is the Danger That Threatens a Chippewa Falls, Wis.

EAU CLAIRE, Wis., Dec. 4.—To realize the great danger between this city and Chippewa Falls is only necessary to visit the banks of the Chippewa. It is a double-headed danger that is threatened. What means are used to save Chippewa Falls will bring devastation to Eau Claire, Durand and other points below here. The ice jam will likely remain intact, perhaps, for months, and any natural causes can break it. The river here is not rising in proportion to the flood above, and this means that the water has not yet found an outlet.

The temperature has been below zero for the last seven or eight days, but it is now much warmer. Citizens here look on the warmth as a source of danger. Up to 9 o'clock Thursday night 100,000 pounds of dynamite have been used on the gorge, but with little effect. To make matters worse a heavy snowstorm has set in, and the ice is forming. The people are panic-stricken, and men are asking each other where it is to end. Business is demoralized and the loss in the aggregate will reach fully \$100,000. Reports from the farming country in distressing condition. The farmers and all their personal effects swept away by the relentless waters. The government will be asked to send men to try to blow up the gorge. The only hope now to save the city from being inundated.

Rogers is an ex-railway employee. He was placed under arrest and a stolen pocket book was recovered in his possession.

THE THIEF

Practically Took the Whole Village Store With Him.

BELVIDERE, Ill., Dec. 4.—The village of Genoa, eight miles south of this city, had a hold up Wednesday night which rivals the work of the "long and short man" in Chicago. At 4:30 p. m. a New York City, entered the village store of E. H. Lane, and leveling a revolver at the proprietor demanded that he permit the store to be rifled. The jeweler then turned the call-up into himself to 75 watches, rings, chains and other articles to the value of \$800 or \$1,000. The thief left, taking practically the whole store with him.

LONDON, Dec. 4.—The leaders of the London dock laborers declare that they have received telegrams from Hamburg informing them that a large majority of the English non-union laborers who went to Hamburg to take the places of the strikers are refusing to unload vessels and are returning to England. The London Dockmen's union is subscribing one shilling a week per man for the support of the Hamburg strikers.

PROCLAMATION.

President Cleveland Gets Back at Emperor William.

He Suspends the Law Relieving German Vessel Owners

From Tonnage Dues and Other Charges in American Ports—Reason: Germany Fails to Extend to Countries in Regard to Our Cattle and Hogs.

WASHINGTON, Dec. 4.—The president has issued a proclamation which suspends the law relieving German vessels from tonnage dues and other charges in American ports. This is done upon evidence that American vessels are not given those privileges in German ports. It is retaliatory in its nature. Evidence of an unfriendly disposition on the part of the German government toward the United States has been accumulating ever since the differential duty on bounty-paid German beet sugar was imposed by the Wilson tariff law. American cattle have been excluded on the pretext of danger of contagion from Texas fever, which can not exist in northern climates.

American hog products have been excluded, even though cooked and included in cans on the allegation that these cooked products might contain trichinae, which can not exist in cooked food. Discriminative and prohibitive duties against American glucose and petroleum and many other exports which formerly went to the German empire, have followed one after the other. All these matters have been made the subject of vigorous protest from our government, much of the correspondence having been conducted by Mr. Edwin P. Uhl, now our ambassador in Berlin, who he was our assistant secretary of state. Mr. Uhl is therefore particularly well qualified to deal with the existing situation, should it grow more tense.

Mr. Hoar, the manager of the Hamburg-American line, said the news greatly surprised him, and he was unable to account for the president's action, as he knew of no reason for it, and had never heard that Germany was exacting a tonnage tax on American vessels, as was stated in the dispatch. He deplored any return to the payment of tonnage dues, but was unable to say anything more than report to the home offices of the steamship company, which he had done in the hope that through the intervention of the German government the action of the president would be reconsidered.

OTTAWA, ONT.

Visited by One of the Most Disastrous Fires in its History—Loss, \$400,000.

OTTAWA, Ont., Dec. 4.—The most disastrous fire in the history of this city broke out at 12:30 o'clock Thursday morning in Mrs. Turner's confectionery store at the Sparks street. The losses will probably top \$400,000. The fire had gained considerable headway before the alarm was sounded, and by the time the fire brigade got to work it was beyond control and the entire building being in flames. Mechanical Brothers' establishment, adjoining, quickly caught and was destroyed. Holdbrooks' tailoring establishment, next to it in the east, was the next to go. The second floor of this building was occupied as offices, while the third story contained the most valuable stock in the city on its way east the fire next attacked C. Ross & Co's establishment. The contents of this building were of the most inflammable character and it was a blazing furnace in a few minutes. Here the progress of the fire was controlled fortunately for the Methodist church, which adjoined it, and which had been in great danger.

Corbett Will Meet Sharkey. NEW YORK, Dec. 4.—Champion James A. Corbett, when he heard of the decision of the Sharkey-Fitzsimmons fight, sent the following telegram to the winner: "Tom Sharkey, San Francisco: Am very sorry that you have been beaten by tactics in his contest with you, which prevented your getting a decision over him in a full round combat with out a foul. I am ready to meet you on or before January 1, 1897. (Signed.) JAMES A. CORBETT."
